UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF TEXAS
BEAUMONT DIVISION

Peter Harris and Loni Harris,

Plaintiffs,

v.

Upwintrade.com, a business
association; David Shamlan, an
individual; John Does 1 – 20,

Defendants.

Case No. 1:24-cv-00313

**Declaration of
Peter Harris**

I, Peter Harris, state and swear as follows.

I. Introduction

1. My name is Peter Harris. I am of sound mind and capable of making this Affidavit. I have personal knowledge of the facts stated herein.

2. I am one of the plaintiffs in this matter, along with my wife, Loni Harris. I am submitting this Declaration in support of our Motion for Preliminary Injunction.

II. Chronology & Evidence

3. Our first contact with the Upwintrade scam was through Facebook. An account that appeared to be operated by Orlando Bell, someone my wife knew personally, made a Facebook post about how he had purchased

Docusign Envelope ID: 793C9E00-38E2-46AB-895C-3DF56B304049

a new home with the money he had made doing cryptocurrency trading with someone named David Shamlian.

4. My wife sent a direct message to the Orlando Bell account inquiring about the cryptocurrency trading success alluded to in the post. This person directed us to message David Shamlian on Skype and told me to contact David on Skype. My wife's Declaration in support of our Motion for Preliminary Injunction attaches evidence showing her initial messages with the "fake" Orlando Bell and her later messages with the "real" Orlando Bell. I have reviewed my wife's Declaration and verify that the documents she provides are true and correct copies of what they purport to be.

5. I soon messaged David Shamlian on Skype. Shamlian advised us to make an account on www.upwintrade.com. He walked us through the process of funding our own Crypto.com and Kraken accounts using U.S. Dollars, then using those dollars to purchase cryptocurrency, and then transferring that cryptocurrency to deposit addresses provided by Upwintrade. A true and correct copy of our Skype conversation with David Shamlian is attached hereto as Attachment A.

6. When we were considering following Shamlian's investment advice, I viewed the website at www.davidshamlian.com, the purported personal website of David Shamlian. I have since learned that the images and videos on this site feature an entirely different person named Ken Mack. The Defendants appear to have used this individual's social media content to

Docusign Envelope ID: 793C9E00-38E2-46AB-895C-3DF56B304049

create a fictitious persona. A true and correct copy of a site capture of www.davidshamlian.com is attached hereto as Attachment B.

7. From February 28, 2024, to May 18, 2024, my wife and I transferred Bitcoin with a U.S.-dollar-denominated value of \$654,609.84 to deposit addresses provided to us by Upwintrade. A true and correct copy of our transaction history, as exported from Crypto.com and Kraken, is attached to this Declaration as Attachment C.

8. Over time, our “trading account” at upwintrade.com showed that we had made a significant profit on our “investment,” with our balance reaching \$6,415,665.00 by May 2024. A true and correct copy of a screenshot showing this balance is attached hereto as Attachment D.

9. Later, after we began to suspect that the Upwintrade platform was a scam, our purported “account balance” fell to just one hundred dollars, as it remains today. We received no explanation for this. A true and correct copy of a complete site capture of www.upwintrade.com is attached as Attachment E. I read and relied on the site’s many false statements about Upwintrade’s security and transparency, which are captured in this attachment.

10. I eventually told Shamlian we were ready to withdraw our assets from Upwintrade. At that time, Shamlian told us that we would be required to pay a 10% commission directly to him before the withdrawal could be processed. Contrary to what he had previously promised, he said this

Docusign Envelope ID: 793C9E00-38E2-46AB-895C-3DF56B304049

commission could *not* be paid with the assets already in our Upwintrade account. Instead, we would have to transfer more than half a million dollars worth of additional assets beyond what we had already sent to Upwintrade.

11. In addition, we eventually received an email from Upwintrade's "customer service" stating that we needed to pay millions more in "tax" before we could withdraw. A true and correct copy of that email and the document Upwintrade sent along with this email are attached hereto as Attachment F.

12. Through online research, we learned about pig-butcher scams. We immediately understood that we had been the victims of such a scam, which has only been confirmed as we have cooperated with law enforcement and prosecuted this case in the months since.

13. The Defendants' scam has devastated our family financially. Our savings are depleted, and we now face an uncertain financial future. We are pursuing this litigation and cooperating with law enforcement in the hopes that some of the assets controlled by the Upwintrade scammers might be preserved for our eventual recovery.

2024/02/27 13:58:38 8:live:ph2corp_2: I tried sending one BTC. Is that ok?

Is this normal?
2024/02/27 14:58:50 David Sham: Contact the customer care, to ask them reason why
2024/02/27 14:59:08 David Sham: Tell them you're sending to your other wallet
2024/02/27 14:59:22 David Sham: I'm not sure why, speak to the agent. Let them know you are sending Btc to your private wallet address
2024/02/27 15:00:25 8:live:ph2corp_2: Ok I'll do that
2024/02/27 15:04:15 David Sham: It should be sorted once you get a response

2024/03/01 11:25:51 David Sham: Yes that's correct

2024/03/01 11:30:45 8:live:ph2corp_2: Do you think the halving of BTC in April will benefit your trading?

2024/03/01 11:45:37 David Sham: Yes of cos

2024/03/01 11:46:01 David Sham: But it won't happen in April this year

2024/03/01 11:46:17 David Sham: BTC is skyrocketing. Just trust the process

2024/03/01 11:47:23 David Sham: 🚀

2024/03/01 11:48:06 David Sham: If you can fund the complete 2BTC there will be a lot of thresholds to place multiple trades daily

2024/03/01 11:49:10 8:live:ph2corp_2: Okay, but Loni needs to see the results first. I'm ready as soon as she gives me the go.

 2024/03/03 19:02:44 8:live:ph2corp_2: Loni just gave me the okay to deposit the rest. It'll be one more BTC. But I had to transfer more funds since the price went up. I'll do it tomorrow.
 2024/03/04 06:57:20 David Sham: You just need to transfer Btc to your account to upgrade account
 2024/03/04 08:01:40 8:live:ph2corp_2: Ok just sent 0.5 BTC and it was successful. Waiting for it to hit wintrade.

 2024/03/04 14:19:12 8:live:ph2corp_2: I'm sure Loni will say no, until later. But I do have a little more coming. At least one more BTC. 1/2 today, 1/2: tomorrow.

 2024/03/04 16:11:22 David Sham: Been skeptical is part of trading, but you have to look over your fears to get the right goals
 2024/03/04 16:43:42 8:live:ph2corp_2: Quick question: this morning I sent .5 BTC to wintrade acct. Will it show up in my wallet as BTC Balance or Invested Amount? The BTC balance is up to 3 now.
 2024/03/04 16:44:16 David Sham: It shows up in the invested amount
 2024/03/04 16:44:25 David Sham: I'm only able to trade with invested amount
 2024/03/04 16:45:10 David Sham: That's why i ask you to fund account, because software can only trade with Btc in account which is the invested amount
 2024/03/04 16:45:14 David Sham: Balance is in USD
 2024/03/04 16:46:40 8:live:ph2corp_2: So, where is the .5btc I put in this morning?

2024/03/24 18:55:32 8:live:ph2corp_2: What I have left in their account is about \$12k. I can probably do another \$20k. Total \$32k. Would that turn into \$960k by May?

2024/03/24 19:00:56 David Sham: You'll of cos make more than that before May
2024/03/24 19:01:28 David Sham: See if you can wire the funds to kraken tomorrow, so you can get bitcoin ready by Tuesday for the trade
2024/03/24 20:19:28 8:live:ph2corp_2: Tonight I was able to get \$7k out of crypto account into upwintrade. \$5k more to go. I'll wire the \$20k into kraken tomorrow.
2024/03/24 20:25:24 David Sham: Okay keep me posted
2024/03/25 11:25:44 David Sham: How's it going
2024/03/25 11:26:11 David Sham: Where you able to send the wire to kraken today ?
2024/03/25 11:30:24 8:live:ph2corp_2: Yes, I did \$10k yesterday and another \$10k this morning.
How do I transfer into upwintrade?
2024/03/25 12:42:31 David Sham: Buy Btc and transfer to your upwin address
2024/03/25 12:42:53 David Sham: Have funds reflected on your kraken already ?
2024/03/25 12:46:01 8:live:ph2corp_2: The wire was cancelled by my bank.
2024/03/25 12:46:10 8:live:ph2corp_2: Here we go
2024/03/25 13:27:52 David Sham: You can only send from account that has same name with your kraken
2024/03/25 13:28:18 David Sham: Also find out why it was cancelled
2024/03/25 13:31:34 8:live:ph2corp_2: Ok it went through. Kraken should get it today
2024/03/25 13:33:08 David Sham: Okay, keep me posted
2024/03/25 13:33:34 David Sham: See if crypto lets you send out your remaining funds stuck with them
2024/03/25 13:35:08 8:live:ph2corp_2: And you saw that I sent the \$7k from crypto, correct?
Need to get last \$5k from them.
2024/03/25 16:06:50 David Sham: It should be in account already
2024/03/25 16:07:09 David Sham: My main concern right now is you

getting on the trade for tomorrow night
 2024/03/25 16:16:04 8:live:ph2corp_2: Still waiting for it to hit the kraken acct.
 2024/03/25 16:23:24 David Sham: You see bitcoin is over 70K already now, this is because of the high trade happening tomorrow
 2024/03/25 16:24:26 David Sham: Did you confirm from your bank that the wire went through, I remember you said it got cancelled earlier
 2024/03/25 16:26:09 8:live:ph2corp_2: Yes the wire has been sent. Waiting for it to hit kraken. Don't see it yet.
 My bank thought it was fraud, or they don't like crypto.
 2024/03/25 16:26:50 8:live:ph2corp_2: I went to the bank personally.
 2024/03/25 17:03:59 David Sham: Yeah, you just tell them you are building your crypto portfolio
 2024/03/25 22:29:43 David Sham: Funds still didn't show up in kraken ?
 2024/03/25 22:34:54 8:live:ph2corp_2: No. Support says since it is the first deposit, it could either be the same day or several days. Nothing else I can do.
 2024/03/25 23:08:39 David Sham: Okay
 2024/03/26 09:23:44 David Sham: How's it going ?
 2024/03/26 09:54:29 8:live:ph2corp_2: Kraken has my \$ on hold status. Crypto says I have to wait 5 business days to transfer \$.
 2024/03/26 10:13:59 David Sham: Okay, have you spoken to the kraken customer service yet. Is there a reason why the funds are on hold
 2024/03/26 15:11:37 8:live:ph2corp_2: Yes, they said this happens on first-time deposits. Could be up to 72hrs.
 2024/03/27 07:09:39 David Sham: Okay, keep me posted
 2024/03/27 10:26:42 David Sham: How's it going ?
 2024/03/27 10:31:48 8:live:ph2corp_2: \$5k will be released tonight by crypto.
 Kraken still has hold.
 2024/03/27 10:57:38 David Sham: Okay, let me know once sent
 2024/03/27 10:59:22 8:live:ph2corp_2: Will do
 2024/03/27 22:07:44 8:live:ph2corp_2: Crypto transfer successful. \$5k sent to upwintrade just now.
 Will work on kraken next day.
 2024/03/28 11:57:47 David Sham: Okay keep me posted
 2024/03/28 13:10:20 David Sham: Any word from kraken? Some trades popped up today
 2024/03/28 13:24:05 8:live:ph2corp_2: This afternoon should be 72 hours. As soon as it releases I'll let you know.
 2024/03/28 16:03:33 David Sham: Okay keep me posted
 2024/03/29 00:26:30 David Sham: Looks like kraken still didn't let you send funds
 2024/03/29 08:26:53 8:live:ph2corp_2: Not yet. Support doesn't know why either.
 2024/03/29 08:38:18 David Sham: Does the account you sent from wire from have the same name with kraken account
 2024/03/29 08:41:25 8:live:ph2corp_2: Yes.
 2024/03/29 08:48:15 David Sham: Okay. Let's see what they say. Keep me posted

 2024/03/30 11:31:31 8:live:ph2corp_2: Just transferred \$20k from kraken to upwintrade.
 Kraken is so much easier to use. You should now have received about \$25k from the last 2 transfers.
 Hopefully you have a few good trades coming up.
 2024/03/30 11:41:20 David Sham: Yes I do. Keep me posted once funds in account

 1. What impact will the BTC halving have on trades?
 2. If we put in another \$40k now, what would it earn by the end of the
 month?
 Thanks

2024/04/05 11:41:54 David Sham: 1. Bitcoin is looking to get to 100K before the end of this month.
2. With an extra \$40K you'll definitely be making over \$3M before the your withdrawal date
2024/04/05 11:43:07 David Sham: If you can make it up to \$100K, you'll triumph more with the forth coming trades, because the market is about to skyrocket
2024/04/05 11:43:21 David Sham: Trust me!
2024/04/05 12:20:51 David Sham: You there ?
2024/04/05 12:41:20 8:live:ph2corp_2: How soon do you need the \$100k?
2024/04/05 12:47:03 David Sham: The trades starting Wednesday next week
2024/04/05 14:01:21 David Sham: Are you jumping on the train ?
2024/04/05 14:06:10 8:live:ph2corp_2: We're going to try to pull the \$100k together. By Wednesday will be tight.
2024/04/05 16:19:07 David Sham: Okay, if you can get some of it in before Wednesday, we can start up those trades with that, until the balance comes in
2024/04/05 16:23:08 8:live:ph2corp_2: Ok, we'll do \$25k before Wednesday and \$75k end of the week. Will that work?
2024/04/05 16:44:00 David Sham: Awesome! That's should work. The \$25K will go for the Wednesday trade
2024/04/08 10:37:50 David Sham: Hello Peter, exactly what I told you is happening already, Btc back over 70K, Are you still funding 25K for Wednesday trade ?
2024/04/08 10:49:12 8:live:ph2corp_2: My 25k wire was cancelled again. Dealing with them now.
2024/04/08 10:50:27 David Sham: Follow kraken wire instructions carefully, also wire must come from account with same name as your kraken
2024/04/08 10:51:43 8:live:ph2corp_2: It was cancelled because it's for crypto.
2024/04/08 10:54:52 David Sham: Oh Yh, you wanna use crypto ?
2024/04/08 10:55:46 David Sham: Or it's your bank cancelling it because it's for crypto ?
2024/04/08 10:56:02 8:live:ph2corp_2: Yes, my bank does not like crypto trading. It's not a kraken issue.
2024/04/08 10:56:33 David Sham: Okay I understand. Tell your bank you are only building your crypto portfolio
2024/04/08 10:57:24 David Sham: They don't like to know you making money off crypto trading, they will want to up your taxes
2024/04/08 10:57:45 David Sham: It's best you always you say, you are building your crypto portfolio

 were stressing you, because it works easily for me.

2024/04/10 13:26:08 8:live:ph2corp_2: I think I have it down now.
 Their customer service was great.

2024/04/10 16:52:47 David Sham: Okay great. When do you intend to send
 the remaining 75K. So I know how to strategise your trade

2024/04/10 16:56:38 8:live:ph2corp_2: The 75k won't come until
 May 1st now. That account needs more notice to withdraw from. Only the
 5k by tomorrow is next.

2024/04/10 19:31:14 David Sham: Okay that's cool, if you say so,

HAR0040

otherwise I think if you invest that money it will be of great win for you with the current algorithm. You can speak to your friend who referred you and ask how I work. The trade for 10th may already won. Just like I told you last week, you can clearly see Btc is already rocketing and it's heading for 100K.

2024/04/10 19:33:08 David Sham: The reason why I ask you to fund is because, the software can only place trades with invested amount, not the whole account balance

2024/04/10 19:35:40 David Sham: We already placed a long trade with the funds in account because of the previous algorithm, with extra funds, we'll have opportunities to place the high trades that pop up on this month algorithm run. Which will bring you very heavy returns before your withdrawal date. I'm not asking me to send me money, you are simply funding your own account with funds that you won't lose.

2024/04/10 19:37:31 David Sham: Knowing that you were going to fund a 100K extra, I already structured your account on how it should run the rest of the month. It's just quite sad, you backing out because this was about to be the best month out of your 3 months run

2024/04/10 19:48:02 8:live:ph2corp_2: I'm sad too. But pulling funds out of this account has to go through a lot of approvals that I am not in control over. I'll have it by May 1st.

2024/04/10 19:48:31 David Sham: Okay

2024/04/11 08:08:09 8:live:ph2corp_2: Hi David, transfer into upwintrade is done!

Huge win yesterday!

2024/04/11 09:17:59 David Sham: Thank you, could have been a whole lot more wins, but you backing out. Lmk when funds in account

2024/04/11 09:24:40 8:live:ph2corp_2: I know!!

But we did our best.

We enjoy working with you. More deposits on the way soon!

2024/04/11 09:31:48 David Sham: Is that after May 1st or before your withdrawal, so I know how to structure your account

2024/04/11 09:32:52 8:live:ph2corp_2: What's the exact date of withdrawal?

2024/04/11 09:34:02 David Sham: Withdrawal opens May 2nd. I think there's a lot to be done with your account before then, especially with the current market algorithm

2024/04/11 09:39:52 8:live:ph2corp_2: If we could try and get another \$25k this week, what type of return could we get by May 1st you think? Just a guess.

2024/04/11 10:53:32 David Sham: Very close to \$3M or more

2024/04/11 10:54:24 David Sham: With extra the \$75K, you'll be at \$5M or more. The market is going to sky rocket in the next 2 weeks

2024/04/11 12:25:06 8:live:ph2corp_2: Okay you should have the \$5k now. We'll send another \$25k this week.

2024/04/11 12:36:52 8:live:ph2corp_2: After May 1st, we should be able to do more.

 2024/04/15 08:00:26 8:live:ph2corp_2: Question: when we withdraw on
 May 2nd, can we transfer from upwintrade into our bank account, or do
 we have to transfer the btc into kraken first, and then into our bank
 account? In other words, what's the quickest way to USD?
 2024/04/15 09:42:58 David Sham: You can transfer into your bank and
 also Btc to kraken, whichever is convenient for you
 2024/04/15 09:43:21 David Sham: But Btc into kraken is the fastest
 2024/04/15 09:44:38 8:live:ph2corp_2: Why is it faster?
 2024/04/15 09:45:05 8:live:ph2corp_2: Does upwintrade golf onto the \$\$

2024/04/24 13:19:26 David Sham: Okay thank you. I was going to ask if
there's a way I can get \$20K today. There's a 15X trade for tomorrow
evening, and I don't know how quick I'll receive funds tomorrow. I
don't want to miss out the trade. I already placed the trade on your
account
2024/04/24 13:48:13 8:live:ph2corp_2: Hi David,
I wish I could get you 20k today but I won't be back until this

 so far

2024/05/05 16:36:29 8:live:.cid.a749ebc417855e2c: Loni is asking why don't you take the 20% upfront?

2024/05/05 16:37:04 8:live:.cid.a749ebc417855e2c: I can't believe people do that to you, that's horrible.

2024/05/05 16:55:13 David Sham: I work with a team of traders and we all agreed on upfront on any withdrawal after so many people played us

2024/05/05 16:58:33 8:live:.cid.a749ebc417855e2c: Does that mean we can't withdraw after one month?

2024/05/05 17:02:43 David Sham: Of cos you can withdraw anytime, I mean your withdrawal Wallet address you just used, can only be changed once a month

2024/05/05 17:03:52 8:live:.cid.a749ebc417855e2c: Ok that's good, so we'll be able to withdraw today and see the \$\$ in the Coinbase Wallet tomorrow?

2024/05/05 17:03:53 David Sham: Withdrawal will be approved as soon as upfront payment on commission is paid

2024/05/05 17:04:39 8:live:.cid.a749ebc417855e2c: How do I pay it?

2024/05/05 17:05:07 8:live:.cid.a749ebc417855e2c: We'd like to pay you the entire commission because you earned it.

2024/05/05 17:29:03 8:live:.cid.a749ebc417855e2c: Do I make a withdraw request into your wallet for the upfront commission?

2024/05/05 19:06:05 David Sham: Upfront is paid out of pocket, you can ask Orlando the process. He pays 15% upfront

2024/05/05 19:09:22 8:live:.cid.a749ebc417855e2c: How do we pay you 15% out of pocket? I don't have \$1MM in cash sitting around. I'm confused, please explain. Orlando takes 2-3 weeks to get an answer from. Please explain.

2024/05/05 19:12:31 8:live:.cid.a749ebc417855e2c: Or do I pay you from upwintrade?

2024/05/16 11:56:44 8:live:.cid.a749ebc417855e2c: Going well. Getting the \$100k was extremely expensive.

Once it arrives in my Chase account, I have to transfer it to my other bank to wire it to kraken. I'll keep you posted.

2024/05/16 11:59:05 David Sham: Okay cool. Lmk

2024/05/16 16:40:55 8:live:.cid.a749ebc417855e2c: The \$100k has arrived. It cost me quite a lot.

I'm wiring it tomorrow from Chase to my other bank so that I can wire it to kraken.

2024/05/17 08:47:10 8:live:.cid.a749ebc417855e2c: Hi David, Shall I use the same wallet id you gave me last week?

2024/05/17 13:23:11 8:live:.cid.a749ebc417855e2c: Wire sent to Kraken!

2024/05/17 15:51:32 David Sham: Yes

Kraken has a \$100k/day limit, so I'm hold until tomorrow until the extra clears. Almost there. We appreciate your patience. As soon as it clears, I'll send you a message.

About Me

David Shamlian a Dubai based business man, the founder and CEO of Wonder Elites, professional Consultant at the Bitcoin of America, a former Media Consultant at CMC Invest UK. He studied at the Florida State University, United States of America and resides in Ellenton, Florida. I have a professional trajectory in cryptocurrency which is underscored by my extensive and unparalleled experience and expertise in crypto trading, algorithm analysis, and analysis of crypto pairs. I have an established base of clientele across Europe, with a strong presence in Turkey, Ukraine, Russia, and Georgia, highlighting the unending possibilities of cryptocurrencies and how profitable and beneficial it is to those who understand the basic rudiments and tenets of wealth accumulation trends in these regions. This, of course, is made possible by trading and investing in cryptocurrency.

My expansion into North America, particularly the United States having resided there for over a decade, was triggered by my astute understanding of cryptocurrency as a gold mine and has been able to cut out a niche for itself with little or no rivals in the United States. I can boast of an impressive investment portfolio across the States. To me as an individual, cryptocurrency mining is a quarry site to create a suitable cash flow and it is a gateway to thousands of possibilities and opportunities.

Over the years, I have taken an extensive study of which my findings are not limited to the fact that investing in cryptocurrency provides an insight into the liquidity and stock exchange market which may in turn influence other possible investment strategies into tourism, shares, hotel/resort, real estate, techs, and other business ventures. Building start-up capital to create and fund any project can be undertaken by investing in cryptocurrency.

It also provides the answer to the question of saving or investing. Saving in any financial institution like a bank is letting your money work for them and not for you are letting your money work for you while saving it. With every investment you make, you can accumulate five times the amount of money invested. Money kept in the bank is not an investment. You don't invest by saving, you save by investing. This has been my acumen for wealth creation as a trader, financial coach, and investment manager.

Adaptive divergence indicator

If you like to use the MACD indicator, you will also like the adaptive divergence indicator (ADC) in short-term trading strategies! It is more helpful than MACD indicator in short-term trading and can provide more timely trading signals. At the same time, during the market shock, its signal will automatically adjust the time period.

Fast or slow price indicator

We use a moving average before weighting as a slow indicator. Fast indicators use changing weighted moving averages—trend markets have shorter cycles and longer volatile market cycles. This can be more effective, because other moving averages do trend, and often give a slower signal: observe the trend upwards, the fast indicator is above the slow indicator; or the price passes above the indicator. These are the basic elements of the adaptive divergence indicator (ADC).

[TRADE NOW](#)

Initial and smooth signal lines

For fast signals, observe the upward slope and when the ADC initial signal line is above the ADC smooth signal line, it will be a buy signal. For slow signals, observe that the ADC initial signal line and ADC smooth signal line are above the 0 line at the same time. Like the MACD indicator, the initial signal line represents the difference between the fast and slow indicators. This is the smoothed exponential moving average, but in this case, we find that the smoothed automatic length value is usually around 4, which is different from the value of the MACD indicator. Is 9.

**Long or short entry / exit signals**

Blank labels will help remind you of trading opportunities: ↑ (buy long position), LX (long position exit), ↓ (short position buy), SX (short position exit). Signals are given based on all adaptive divergence indicators (ADC) components, including price lines, indicators and oscillators. These components can be displayed in an adaptable price data window, they are independent of each other, but we can make decisions by weight.

TRADE NOW

**Oscillation factor fast and slow**

The space ADC indicator has two oscillation factors. For fast signals, observe that the fast oscillation factor will go up and above the zero line. For slow signals, observe that the fast oscillation factor is above the slow factor, or observe that the slope of the slow oscillation factor is upward and below the fast factor, and is higher than the adaptive variable.

Hi Upwin Tax team,
The first tax form I sent had an incorrect fee% of 20%.
David Sham and Team agreed to 10% fee since it was our first withdrawal.
Please see attached tax form that is corrected.
Thanks
Peter
